

sudocut

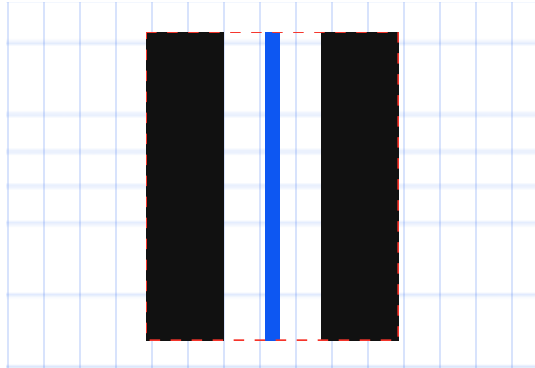

LESS FOOTAGE. MORE STORY.

The mark is a cut point: two blocks of footage held apart by a single blue frame line. Everything in this kit follows from that idea — hard edges, generous silence, one decisive accent.

# 01 The mark

GEOMETRY, CLEAR SPACE, MINIMUM SIZE

UNIT =  $x$  = BAR WIDTH  $\div$  22  
BAR 22x · GAP 12x · LINE 4x  
HEIGHT 88x · TOTAL WIDTH 72x

CLEAR SPACE = ONE BAR WIDTH  
ON ALL FOUR SIDES  
NOTHING ENTERS THE FIELD

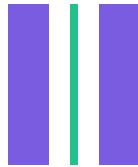

BELOW 16PX THE BLUE LINE  
THICKENS TO 2PX MINIMUM  
SO THE CUT STAYS VISIBLE

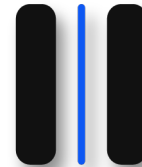

|                                                                                                               |                                                                                                                   |                                                                                                                          |

NEVER SKEW OR ROTATE

NEVER RECOLOR OUTSIDE THE  
PALETTE

NO SHADOWS, NO ROUNDED  
CORNERS

NEVER CROWD THE CLEAR  
SPACE

THE MARK IS ONE OBJECT. IT IS NEVER OUTLINED,  
GRADIENT-FILLED, OR ANIMATED PER BAR.

THE BLUE LINE STAYS CENTERED. IT NEVER MOVES,  
TILTS, OR CHANGES WEIGHT RATIO.

WHEN IN DOUBT, USE THE SINGLE-INK LOCKUP. IT  
IS ALWAYS CORRECT.
